The High Achievers Afterschool Program's Teacher *will not enter* any child's book bag at any time for any reason. It is each child's responsibility to give the Teacher their Homework Assignment so that the Teacher can assist them with their Homework. It is also each child's responsibility to have a writing utensil, paper, and all other items needed to complete their Homework Assignment. If the child states that they do not have Homework, this will be noted and they will receive a High Achievers Packet to complete. During the Core Enrichment Focus, the Teacher will work with the entire class on Math and Reading projects.
